

## Can your child locate you in an emergency?

It is very important that we have accurate and up-to-date phone numbers to be able to reach you. That may mean cell phone numbers and/or work numbers as well as a home number. Please make sure that the school has current information.

It is also extremely important for your child to know these numbers. By the time your child is old enough to go to school, he/she is old enough to remember a phone number. Please make the effort to teach him/her your phone number. They may need to know this number in many situations.

If they are too young (like some Perryton Kinder students) to memorize the number, you could write it on a piece of paper and let them keep it in their backpack.

In the event of a serious health complication, it is crucial that we be able to get in touch with a parent or guardian.
